ISB Overview

The Indian School of Business (ISB) envisions itself as an internationally top-ranked, research-driven, independent management institution dedicated to nurturing future leaders for both India and the global community. Over the years, ISB has built partnerships with esteemed institutions worldwide, including the Kellogg School of Management, the Wharton School, the London Business School, and the Fletcher School. Notably, ISB has maintained the highest research output among all B-Schools in India over the past decade.

ISB offers the Post Graduate Programme in Management (PGP) simultaneously at two campuses located in Hyderabad (Telangana) and Mohali (Punjab). These campuses adhere to unified processes for admissions and placements, boasting world-class academic and residential facilities that foster a harmonious blend of rigorous learning and vibrant campus life. We take pride in being triple accredited from the Association of MBAs (AMBA), EFMD Quality Improvement System (EQUIS), and the Association to Advance Collegiate Schools of Business (AACSB).

ISB follows two-offer policy for placements.

Trends

405 companies registered for the campus placements
1208 job offers were generated

The class of 2024 at ISB demonstrated outstanding performance in placements, with 405 reputed companies extending 1208 job offers. This achievement was enabled by over 340 engaging sessions,—comprising Pre-Placement Talks, Leadership Meets, Seminars, and Workshops—conducted by renowned recruiters. These sessions, attended by industry leaders and alumni, imparted invaluable insights into the latest industry trends.

Placement Highlights & Trends

80% 80% of the cohort received more than ~35LPA compensation.

70 Establishment of connections with over 70 new clients, tapping into ISB's talent pool. Noteworthy is the fact that more than 20 companies offered 10 or more positions to ISB students

40% Female representation in the cohort reached 40%, with women securing offers across various roles and sectors. Collaborative efforts between the Women in Business Club and Career Advancement Services facilitated mentorship and knowledge exchange.

100+ Accenture and Deloitte led the recruitment drive with triple-digit offers

27 International placements remained robust, with 27 offers across regions such as Southeast Asia, the Middle East, and Africa, providing valuable exposure to global business environments

20 Major recruiters such as McKinsey, Nagarro and Navi Technologies made substantial hires, each recruiting over 20 students

50% Consulting and Technology emerged as the top two sectors for hiring, with over 50% of offers originating from these industries. They sought talent across diverse work experience backgrounds for strategic and digital transformation projects

10% The BFSI sector accounted for 10% of total offers, with key segments being Investment Banking, Venture capital, and Fintech, highlighting ISB's contribution to talent development in the evolving financial services industry.

10% FMCG/E-commerce and Conglomerates accounted for 10% of the total offers, with key job roles being Business Strategy, Brand Manager, Marketing, Corporate Planning, Product Manager, and Leadership Programs.

First-time recruiters including IDFC FIRST Bank, India Sotheby's, Blenheim Chalcot India, Stride Ventures, Target, WEH Venture Partners, PI Investment Advisors, and Tata Steel introduced diversity and high-quality opportunities.

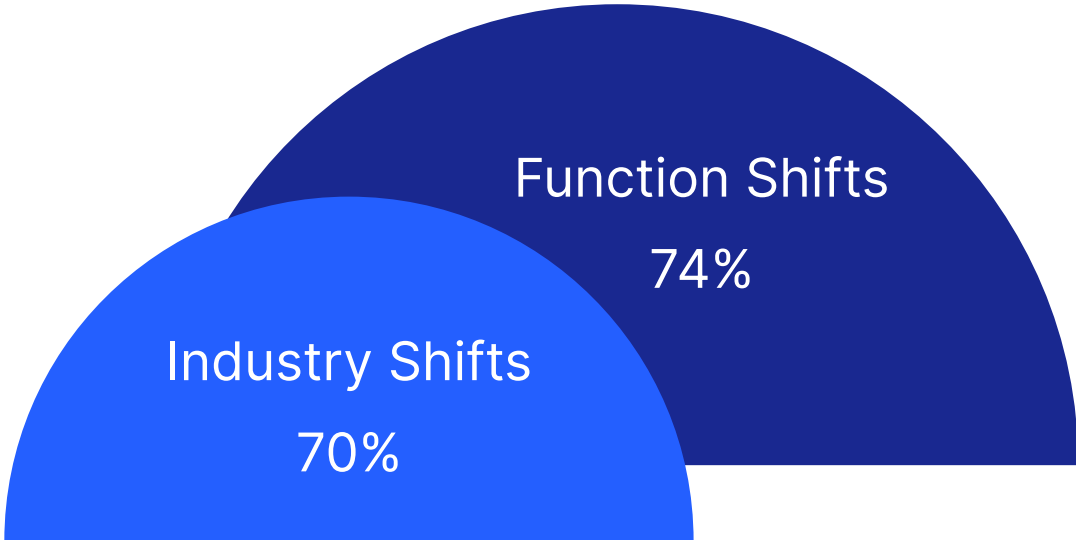

Emerging sectors like Electric Mobility and Global Capability Centres demonstrated significant hiring intent, underscoring ISB's adaptability to industry demands.

The class of 2024 witnessed a surge in leadership roles across sectors and geographies, including Entrepreneur-in-Residence, Chief of Staff, and Manager- CEO Office positions.

Senior executive members of the cohort, with 8 to 24 years of experience, brought a wealth of expertise across industries. Recruiters hired them for senior-level roles such as Managing Partners and General Managers, showcasing ISB's relevance in grooming seasoned professionals.

Placement Statistics

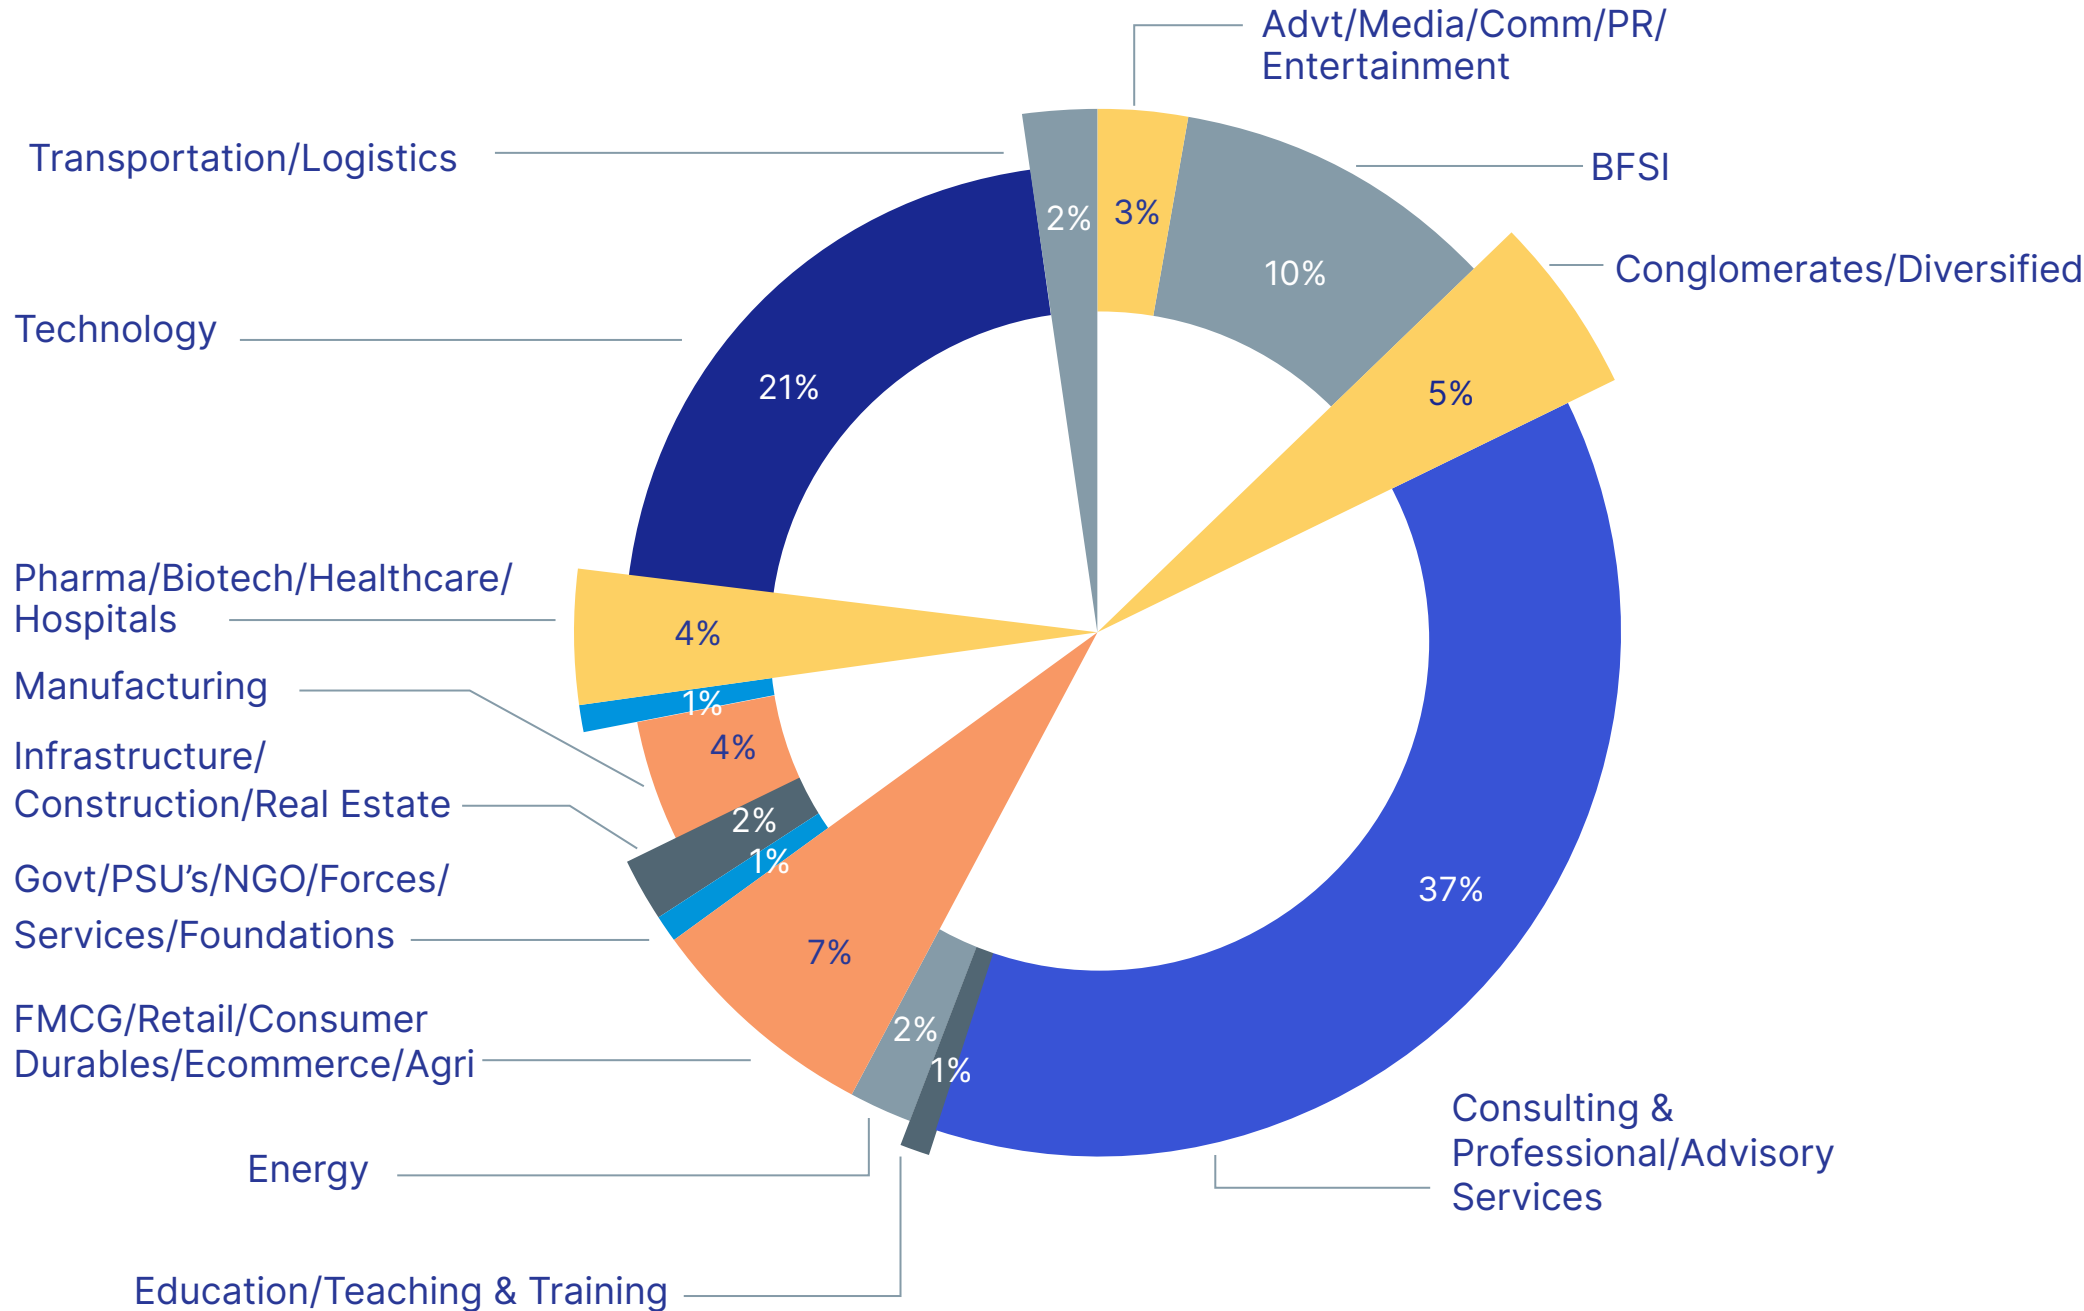

For the Class of 2024, 70% of students could make Industry shifts and 74% of students could make Function shifts.

Positive Career Pivots from Class of 2024

At ISB, graduates excel across sectors and roles, irrespective of their previous industry or experience. The success stories from the 2024 cohort exemplify ISB's unparalleled ability to provide a robust platform for career transformation.

Music to Business Consulting

An ex-Indian Idol finalist now spearheads strategy at a top tech consultancy, proving how creativity and business savvy blend for success, fuelled by the rigorous ISB Post Graduate Program.

Film Direction to Private Equity

A former film director associated with Dharma Productions now thrives as an investment associate in gaming and media ventures, showcasing how ISB complements existing domain experience with rigorous functional expertise, propelling positive career pivots.

Battlefield to the Boardroom

An army veteran now holds a leadership position in a major conglomerate, setting a new standard for military-corporate transitions, fortified by ISB's leadership development.

Public Sector to Strategy Consulting

A seasoned public sector leader now drives strategic consulting at a leading consultancy, bridging the gap between operational expertise and business growth and innovation through ISB's emphasis on strategic thinking.

Finance to Product Management

A financial analyst transitions into a product management role at a fintech firm, showcasing how sectoral knowledge shapes product strategy, nurtured by ISB's multidisciplinary curriculum.

IT Management to Consulting

A software engineer pivots to consulting at a prestigious firm, empowered by ISB's learning journey that integrates functional expertise with an understanding of the firm as a total enterprise.
